# M'DANIEL CASE IS CONTINUED.

Petition for Writ of Habeas Corpus Will be Heard

TO TEST JUVENILE COURT LAW

Another Such Case Will be Heard by Judge Howell at Ogden December 16.

The hearing on the petition of young Clarence McDaniel for a writ of habeas corpus was continued by Judge Morse today until Jan. 5, 1906, upon request of Attorneys Stephens and Smith who are associated with Assistant County Attorney Hanson in representing Supt. Thomas of the industrial school. In the meantime the boy will be allowed to stay at home with his mother without bond and was turned over to her today after being produced in court by Supt. Thomas.

Attorneys Stephens and Smith stated that they desired more time to look into the questions of the constitutionality of the juvenile court law and the eligibility of Judge Brown as raised by the petition. Judge Morse stated that Jan. 5 would be the earliest possible date upon which he could hear the case so it was continued to that time. The pe titioner is represented by Attorneys J. L. Rawlins, J. H. Moyle, Ray Van Cott and J. H. Bailey, Jr.

There is another case touching the constitutionality of the law which will be heard by Judge Howell at Ogden on Dec. 16. It is the Harry Benson case, Dec. 16. It is the Harry Benson case, in which Attorney Arthur E. Christensen appeared for the petitioner and County Attorney Christensen appeared for the juvenile court. It is probable that a decision will be reached in that case before the McDaniel case is heard.
